

Addendum to Certificate of Insurance

The East Bay Swim League (EBSL) is comprised of twelve local youth swim teams (listed below) that are organized for competitions among its members. All of the participants in each team are members of the league. The league provides its members with insurance coverage for liability arising from its operations including practice and competition at pool facilities owned by third parties. The coverage extends to their youth participants, volunteer and paid adult coaches and officers. The pool facility owner/lessors are included as additional insureds.

Table A: East Bay Swim League Member Teams
